

Northern California Chapter of SAMPE

Presents

Jean Hollands, M.S.

CEO and President, Growth and Leadership Center, Mountain View, CA

"Red Ink Behaviors"

How To Manage the Surprising High Cost of Problem Employees

Jean Hollands is the Founder and CEO of Growth and Leadership Center, a 22-year-old corporate training center. She has been a spokesperson for Silicon Valley business trends that impact the community and the work force of this area.

Ms. Hollands has written four major books and has been featured in most national publications and television media. Her company, GLC, was featured in *Business Week* (November, 1999) about tough love for techie souls and the rebooting of burned out and crashed executives. Her third book, *Red Ink Behaviors: How to Manage the Surprising High Cost of Problem Employees*, 1997, received national acclaim from business schools throughout the United States. Her other publications include *The Silicon Syndrome: How to Survive a High Tech Relationship*, *Optimistic Organizations: How to Get, Grow and Keep Positive Power in Your Company*. Her most recent book, *Same Game, Different Rules*, has prompted appearances on Good Morning America and the Today Show. Jean has been a national keynote speaker whose topics transcend the trends and dilemmas of America's workplace.

Business Woman of the year, 1986, 1996, 2000 and 2001, she is actively involved in the Silicon Valley Community and serves as a board member on many profit and public benefit organizations. She is embarking on the foundation of a second women's professional basketball league in the bay area.

Bring your spouse or a friend to this meeting, as Jean is a terrific speaker and will give you practical methods to use in any job.

Volunteers Needed Too!

In addition to elected positions, we also need volunteers to participate on the chapter executive committee. We need interested members to help make facility and logistics arrangements for our monthly meetings, find sponsors, find speakers and help organize our annual workshop, and help find speakers for our monthly meetings. If you're interested in volunteering, please contact Carroll Bergdahl at 408-446-4680 or email: cbergdahl@aol.com.

Monthly Meetings ... Summer Vacation is Almost Here

Please note that his month's meeting will be the last meeting before the summer. We will resume our regular monthly meetings in September.

Do you have any topics you'd like to see? Do you know any good speakers? Please let us know. If you have suggestions, call Carroll Bergdahl at 408-446-4680 or email: cbergdahl@aol.com.

SAMPE International Coming Events

May 12 - 16, 2002 SAMPE 2002 Symposium /Exhibition, Long Beach, CA. www.sampe.org

November 4-7, 2002 34th International SAMPE Technical Conference Baltimore, MD

Dr. Stuart M. Lee, author of
Dictionary of Composite Materials Technology

...is back in the SAMPE Journal this month. It is an editorial he wrote he wrote for a wedding speech on composites and was published once before in the Journal. You have to read this interesting comparison of a marriage and composites. The article is on page 106 of this month's Official Show Issue. Dr. Lee is a special person to the Northern California Chapter of SAMPE. He is our oldest and wisest advisor. We use Stuart for ideas and getting speakers from his vast career cache. He participates at every chapter board meeting. You'll enjoy his sense of humor in this article.

Announcements

Northern California Chapter of SAMPE Board Meeting

The board meets once a month, usually on the first Wednesday of the month, to plan technical meetings, organize the Composite Workshop, and take care of organizational activities such as the newsletter, new officers, scholarships, etc. The meetings are held during the dinner hour and we eat and meet. They start at 5:30 and are usually finished by 7:30.

New officers are often old timers who seem to be able to volunteer their time to their profession in some way. We really try not to put too many demands on anyone and often you can do a lot of your SAMPE work during lunch hours. Our membership has dropped below 200 members when just a few years ago we were at 750. Mailing the newsletter was really a big job then! We need to have you help by attending meetings, making suggestions for technical speakers, or volunteering yourself to deliver a paper. Our board noticed there are not too many papers on space applications in the 2002 Symposium in Long Beach. Well, the New Jersey Chapter probably would have loved to have five to ten papers on that subject. Someone needs make the suggestions to the right people at the right time. If you have suggestions or would like to participate as an officer or just talk with the board, call Carroll Bergdahl at 408-446-4680 or email: cbergdahl@aol.com.
